## ANOTHER FRENCH CABINET CRISIS.

M. Brisson and His Colleagues  
Tender Their Resignations  
to the President.

## THE EXCITEMENT WAS INTENSE.

Crowds Gather at the Chamber of  
Deputies and Great Disorder  
Was the Result.

FAURE IS SAID TO  
BE RESPONSIBLE.

It Is Said That His Attitude In the  
Dreyfus Case Caused the Trouble.  
No New Cabinet Has Yet  
Been Formed.

Paris, Oct. 26.—The days of Boulanger-  
ism are returning without a Flouquet  
to draw a sword against a factious gen-  
eral and without a Constant to make him  
cross the frontier.

The cabinet has been overturned on a  
mere pretext because bands of people,  
collected by those defying authority,  
while pretending to defend it, have fo-  
mented agitation and almost terror.

It is said that President Faure is re-  
sponsible for the demonstrations at the  
chamber of deputies which led to the  
resignation of the cabinet. The presi-  
dent is against Dreyfus and has always  
opposed his getting another trial. What  
the future will bring to France and  
Dreyfus is hard to predict.

In the Rue Royale the rioters tried to  
overturn a carriage containing three  
Americans amid cries of "Down with  
the Jews."

Demonstrations began just before the  
time for the chamber of deputies to  
meet, and were kept up. Officers made  
a number of attempts to quell the dis-  
turbance, but only succeeded for the  
time being. Constant disturbances were  
kept up throughout the day.

The climax came when the resigna-  
tion of General Chanoine, minister of  
war was presented by himself.

It was impossible to keep order. M.  
Brisson attempted to explain the situa-  
tion, but was hooted down and cries of  
"resign," hurled at him from all over  
the building. Finally the entire cabi-  
net, headed by M. Brisson, tendered its  
resignation to President Faure.

The French cabinet which has just re-  
signed was definitely formed on June 28  
of the present year and was constituted  
as follows:

President of the council and minister  
of the interior—M. Henri Brisson.  
Minister of finance—Paul Peytra.  
Minister of education—Leon Bour-  
geois.

Minister of justice—Ferdinand Sarrin.  
Minister of war—Geoffrey Cavaignac,  
who has since been succeeded by Gen.  
Zerlinden and General Chanoine.

Minister of marine—Edouard Simon  
Lockroy.

Minister of foreign affairs—Theophile  
Delcasse.

Minister of the colonies—Georges  
Troillet.

Minister of commerce—Emile Marwe-  
jeu.

Minister of agriculture—Albert Viger,  
who has since resigned.

Minister of public works—Senator Til-  
laye, who was succeeded by Senator Go-  
din on Sept. 17.

The chamber adjourned to Nov. 4.

It is the general impression among the  
deputies that President Faure will in-  
vite Alexander Ribot to form a cabinet.

When accepting the resignation of the  
ministry M. Faure begged M. Brisson  
and his colleagues to continue to act un-  
til the formation of the new cabinet.

Evidently the taste for street demon-  
strations is reviving and perhaps on  
Thursday, when the court of cassation  
will meet, there will be a revival of the  
uproar.

It looks as though M. Brisson gave up  
in disgust a position which yielded him  
neither pleasure nor greatness. Nobody  
has any idea who will succeed him, un-  
less perhaps M. Faure knows, for he is  
alleged to have instigated the overthrow  
of the cabinet.

Engineer Hays Seriously Injured.  
Smithville, Tex., Oct. 26.—Ed Hays,  
a passenger engineer on the Missouri,  
Kansas and Texas railway, was seriously  
hurt at Lettita. He was in charge of  
the engine on passenger train No. 4, and  
was struck by a mail train and his skull  
was badly broken. He was attended by  
a physician at Sealey and brought to  
his home here, and is now in a critical  
condition.

Justice Harris Dead.  
Portsmouth, N. H., Oct. 26.—Justice D.  
M. Harris, who was assaulted here in

an unknown man on Monday night and  
shot three times, died of his wounds.  
Officers are trailing the man supposed to  
have committed the crime.

MUST SHOW STRENGTH  
OR HAVE TO FIGHT.

General Butler Says Unless the United  
States Makes a Demonstration They  
Will Have to Fight Insurgents.

New York, Oct. 26.—A dispatch to  
The Herald from Havana says:

General Butler has written Secretary  
Alger indorsing the modified form of  
military plan of policing the island re-  
cently advanced by Colonel Waring.  
General Butler said it would give em-  
ployment to 10,000 or 15,000 insurgents.  
He would follow the General Way sys-  
tem which was originated in Mexico by  
President Diaz. General Butler in giv-  
ing his plan, warns Secretary Alger that  
unless some show of strength is made  
the United States will surely have to  
fight the insurgents, who will become  
landed.

THE COMMISSION  
NOW AT HUNTSVILLE.

After the Inspection of the Camp, Ten-  
nison Will Be Taken of the Men  
Who Were at Santiago.

Huntsville, Ala., Oct. 26.—The war  
investigating commission is inspecting  
Camp Force, preparatory to an inquiry  
which will be instituted here later. The  
commissioners separated into parties of  
two for the purpose of inspection, but  
even then they found the task before  
them quite arduous, as the camp here is  
a large one, about 15 subdivisions of  
troops, to say nothing of the hospitals.  
There are a great many regulars here;  
among them many who participated in  
the Santiago campaign. Many of these  
will be examined when the committee  
begins its sittings. The investigation  
here will be directed especially in pro-  
curing facts concerning the management  
of hospitals and the care of the sick  
while the army was in Cuba.

"We know all about the landing and  
the way the battles were fought," said  
General Dodge, "and what we want  
now to know, is how the sick and  
wounded were cared for and in pursuit  
of this purpose a large number of sur-  
geons will be called."

The commissioners were greeted here  
by a mild snowstorm and very muddy  
roads.

AN ALL LAND ROUTE  
TO THE KLONDIKE.

Major Moody Is Trying to Find One  
but What Success He Is Making  
Is Unknown.

Vancouver, Oct. 26.—John Mackenzie,  
who has just returned from the Peace  
river country, tells a story of an un-  
known prospector being killed by a griz-  
ly bear two months ago on the trail.  
Another of Mackenzie's stories related  
to the disastrous trip of Major Moody  
of the northwest mounted police, who was  
sent out by the dominion government to  
discover an all-land route to the Klon-  
dike by way of Edmonton.

Mr. Moody had one guide frozen to  
death. Two others deserted him at dif-  
ficult points on the trail. His outfit was  
burned by bush fires and for two days  
he travelled on short rations. When  
Mackenzie last heard from the major he  
was pickily pushing on north of the  
Graham. It is over a year since Moody  
started out on his journey. He has still  
several months more hard work before  
he reaches the Klondike, if he ever does.

General Young's Daughter Married.  
San Antonio, Oct. 26.—After the per-  
formance at the opera house by the  
What Happened to Jones company, Miss  
Lillian Lewis and Charles Lea Chartres  
of the company were married at the re-  
sidence of Mrs. Eager, on Alamo street.  
A swell reception and banquet followed.  
The bride is a daughter of General H.  
B. M. Young, and was once a favorite  
in San Antonio society, when her father  
was stationed at Fort Sam Houston.

Civic Day Parade Postponed.

Philadelphia, Oct. 26.—A heavy down-  
pour of rain began soon after 5 o'clock  
this morning and at 10 o'clock showed  
no signs of cessation. As a result, the  
peace jubilee committee postponed the  
"civic day" parade until Friday. In-  
dications for the weather tomorrow is  
clear, and that no postponement of the  
military parade will be necessary.
